RE: Docket No. 98N-1265

Gentlemen:

It has come to my attention that you are about to severely restrict pharmacies that fill prescriptions for compounded drugs and ship them to patients out of state.

Having tried the regular drug route with bad results, for the last several years my doctor has been ordering for me a prescription compounded with natural ingredients from a pharmacy in Wisconsin.

This is very important to me, and it will be very upsetting if you cut off this choice – **the heavy hand of government interfering in the relationship between me and my doctor.**

Please stop this nonsense now!

Sincerely,

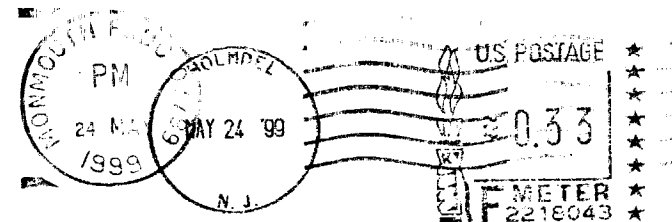

Margaret P. Hart
